BURNED TO STAKE.

Delaware Mob Wreaks a Fear-
ful Vengeance on Rapist.

George White Given The Texas
Treatment in an Eastern
City.

Wilmington, Del., June 23.—A
mob last night burned George F.
White, a negro, at the stake at
Price's Corners, four miles from
Wilmington. The mob, consisting
of 4,000 persons, stormed the work
house, where White was confined
on a charge of having assaulted and
stabbed to death Miss Helen S.
Bishop, seventeen years old, daughter
of Rev. Dr. E. A. Bishop. The crime
was committed last Monday
afternoon and ever since then there
have been mutterings of lynching
the man. During the attack on the
jail four persons were shot and
wounded by the prison guards.

The negro was taken to the scene
of the crime. He there confessed
to having assaulted the girl. He
was then burned at the stake and
his body was riddled with bullets.

A PREACHRE'S WARNING.

Judicial Delay Would Cause Mob
Violence—Lynching Justified.

Wilmington, Del., June 23.—The
Rev. Robert A. Ellwood, pastor of
the Olivet Presbyterian church,
preached a sensational sermon on
the probable lynching of the negro
White last Sunday night. He took
his text from Corinthians, v., 13:
"Therefore put away from among
ourselves that wicked person."

In referring to a speedy trial for
the negro, the Rev. Ellwood said:
"I call your especial attention to
that part of my text found in the
constitution which says: 'In all
criminal prosecutions the accused
shall enjoy the right to a speedy
and public trial.'"

"On the day of this terrible crime
the officers arrested a man sup-
posed to be guilty. He was taken
before a Magistrate and held without
bail. To-night he is in jail with
armed men parading about for his
protection, waiting until the middle
of September. Is that speedy; is
that even constitutional?"

"Oh, honorable Judges, call the
court, establish a precedent and the
girls of this State, the wives of the
homes and the mothers of our fire-
side and our beloved sisters will
not be sorry, and neither will you.
"And, honorable Judges," he con-
tinued, "if you do not hear and
heed these appeals and that pris-
oner should be taken out and lynched,
then let me say to you with
a full realization of the responsi-
bility of my words, even as Nathan
said to King David of old, after his
soldiers had killed Uriah, 'Thou
art the man,' so I would say to you,
'The responsibility for lynching
would be yours for delaying the ex-
ecution of the law.'"

"Should the murderer of Miss
Bishop be lynched? Yes. But only
under one condition, and that is
this: If his trial shall be delayed
until September and then, though
he be proved guilty, through some
technicality of the law or any un-
due influence upon either Judges or
jury he be not given capital punish-
ment, then the citizens of the State
should arise in their might and ex-
ecute the criminal, and thus uphold
the majesty of the law."

NECK BROKEN

Sturgis Young Man Thrown From
Buggy.

Sturgis, June 22.—Otho Hearn
while out driving today with his
sister, was thrown from his buggy
and his neck broken. He died in a
few minutes after the accident.
The lady was thrown from the
buggy but was only slightly injured.
Hearn was a young man and
the son of Tom Hearn, a well known
farmer.

ROYAL TIME.

Awaits Kentucky Editors And
Their Ladies.

After Meeting at Lexington They
Will Journey Through
Canada and Maine.

The annual meeting of the Ken-
tucky Press association, to be held
at Lexington July 22 and 23, and
the local entertainment, will prob-
ably be on the same grand scale as
on the occasion of the meeting in
that city eleven years ago. Mr.
Louis Landrum, of the Lancaster
Record, chairman of the executive
committee, was in Lexington the past
week arranging with local commit-
tees, and he reports most satisfactory
results. According to Chairman
Landrum, the newspaper boys and
their ladies will be royally enter-
tained. At the close of the Lexing-
ton meeting the annual tour will be
taken. The trip includes Chicago,
Battle Creek, Niagara Falls, Tor-
onto, Montreal, Quebec, Muskoka
Lakes, Portland, Me.; trips through
the White mountains and down the
St. Lawrence river. The distance
to be covered will be nearly four
thousand miles. The and N.
railroad, Monon route and Grand
Trunk railway have made special
arrangement to handle the Ken-
tucky Press association train and
a great time is in store. Secretary
R. E. Morningstar, of Bowling
Green, who has the management of
the tour, will gladly furnish detail-
ed information to any newspaper
man.

ONE MAN KILLED

And Several Injured in an I. C.
Wreck.

Dawson, June 24.—A serious
head-end collision took place on the
I. C. road one mile west of this
place shortly after 6 o'clock this
evening.

Past freight train No. 151, south
bound, met north bound local freight
train No. 196 just east of Trade-
water bridge. Both crews jumped
when they saw the collision was
inevitable. Engineer C. F. Under-
wood, of No. 151, was hurt on the
ankle and head cut, not seriously.
Engineer Shegrog, of No. 196,
escaped unhurt.

Firemen Anderson, Steinberger
and Gannon and Engineer Stullen
were all hurt more or less. Ed.
Johnson, a colored brakeman, was
killed, being buried under the
debris.

Train No. 151 had orders to side-
track at Dawson, but overlooked
them.

The injured men were taken to
the Illinois Central hospital at
Paducah this morning.

SERIOUS CHARGE

Filed Against Joe Johnson by
Miss Giamble.

Johanne Giamble, a young white
woman living a few miles east of
town, yesterday swore out a war-
rant against Joe Johnson, a young
man of the same neighborhood,
charging that he by force and in-
timidation had carnal intercourse
with her, against her will and con-
sent.

Johnson had not been arrested
yesterday afternoon.

NO. 2 WHEAT.

Opened at 70 Cents and Few
Farmers Selling.

New wheat opened here this week
at 70 cents for No. 2. Receipts
continue light and very few farm-
ers are selling. Wheat is showing
up light and the crop will not ex-
ceed three-fourths, at a most liberal
estimate.

It's All the Talk.

The Gracely Old Time Fiddlers'
contest July 7 is all the talk in that
neighborhood. The affair promises
to equal any of the contests ever
held in Western Kentucky.

CRUSHED TO DEATH.

Horrible Fate of Farmer Return-
ing Home From Dawson.

John Davis, who resides just over
the Caldwell county line, met a hor-
rible death a few miles from Daw-
son. Mr. Davis had been to see a
sick relative near Dawson and
started to return home at night.
The road was rugged and in pass-
ing over a cliff he lost his footing
in the darkness and was hurled
over a steep precipice twenty feet
to jagged rocks below. His head
struck first and his skull was frac-
tured. When found by a searching
party the next afternoon he was
still alive, but died before night.
The victim of the fatal accident
was about 60 years old and leaves
a wife. He was a much esteemed
citizen.

SURPRISED THEIR FRIENDS.

Young Couple Flew Them to Clark-
ville and Wed.

Mr. J. Orrville Goodie, the hand-
some and talented young lawyer of
this city, and Miss Nora Greer,
daughter of Capt. J. T. Greer, went
over to Clarksville Wednesday and
were married at two o'clock in the
Arlington Hotel. The ceremony was
performed by Rev. R. L. Cave.
They returned home the same evening
and will board with the bride's
father on West Seventh street.
Yesterday afternoon the young
couple were given a dinner and re-
ception at the home of the groom's
mother, on North Main street.

PLEASANT SOCIAL EVENT.

Mrs. H. D. Wallace Entertains in
Honor of Her Guest.

One of the most pleasant social
events of the season was a lunch
party given by Mrs. H. D. Wallace
Wednesday afternoon, complemen-
tary to her, niece, Miss Julia Wal-
lace, daughter of Mr. A. H. Wal-
lace, of Newstead.

There were about forty young
people present on the occa-
sion. Elegant refreshments were
served. The first prize was won
by Miss Dell Gaines and the booty
prize by Miss Oley Bartley.

ONE FROM HOPKINSVILLE

Miss Walker Re-elected Teacher
in Pembroke Public Schools.

The board of trustees of the
Pembroke Public Schools, at a
meeting held last Monday night,
re-elected Miss Bessie Walker, of
this city, as one of the teachers for
the ensuing scholastic year. At a
recent meeting of the board other
teachers were elected, as follows:

Mrs. May Estes, of Russellville;
Miss Hutchinson, of Bowling Green;
and Misses Theresa Cannon and
Dovie Anderson. Prof. C. E. Dud-
ley was re-elected principal.

PRESENTED FOR PROBATION.

Late S. C. Mercer, Jr., Leaves
Property to Odd Fellows' Home.

The will of the late Jule Mercer
was presented to the County Judge
Tuesday by the attorneys for his
widow and the trustee for the Mer-
cers for probation. Objection was
raised by the attorneys. The
court sustained the objection, as
the will showed upon its face that
it was void, as the decedent had
married since he made the will.
No administrator has yet been ap-
pointed and the matter may go to
the Circuit Court, as the lower
court refused to appoint the widow
administratrix.

The will provides that all of his
estate go to his mother at his death
if she should be living, and if not,
to the Odd Fellows Orphan Home at
Lexington. His mother has since
died. The estate is estimated
to be worth \$10,000.

CONCERNING THE WED.

Sorts Sold Embraced Various
Grades of Tobacco.

The offerings of tobacco on the
breaks this week amounted to 244
hogheads and rejections were only
48 hogheads. The sorts sold em-
braced all the different grades from
common lugs to good leaf. Good
leaf ranged in price as high as
\$9.50, a number of hogheads com-
manding figures ranging from \$7.50
to \$9.50. Sales for the year amount
to 5,172 hogheads. Receipts for
the week were 225 hogheads and
for the tobacco year, 9,215 hog-
heads. R. M. Woolridge & Co.
had a good sale of the loose weed on
the floor, prices realized were very
satisfactory.

MARRIED IN CLARKSVILLE.

City Couple Have Nuptial Knot
Tied in Village.

In the parlor of the Arlington Hotel,
Clarksville, on Tuesday even-
ing, Mr. T. A. Carson and Miss
Bettie Dickerson were united in the
holy bonds of matrimony, Dr. J. H.
Lacey officiating.

They went over to Clarksville by
private conveyance for the romance
of the trip.

Mr. Carson holds a responsible
position at the Western Asylum
and is a young man of sterling
worth.

His bride is one of Christian's
most lovable girls. They have
taken rooms on East Ninth street.

QUEER IDEA OF A WOMAN.

She Tried to Freeze Herself to
Death by Eating Ice Cream.

Morrisstown, N. J., June 22.—
Saying that she wanted to die a
happy death and believing that ice
cream in large quantities would
produce the desired result, Miss
Amelia Sternberg was discovered
eating the sweet stuff by the pain-
ful. When found she had already
devoured more than a gallon and
was fast emptying a two-gallon
treasure which she had purchased
early in the evening. She was
taken to the police station, where it
was discovered that she was a pa-
tient at the state hospital at Mor-
ris Plains and had escaped early
in the evening. When questioned
she said that she ran away for the
express purpose of dying and would
have hung herself had she not
thought that a few quarts of ice
cream would have frozen her to
death and put a happy end to a
melancholy existence.

SURPRISE FOR CHARLIE.

How an Engineer Made a Pickup
of \$1,800.

Yesterday just after a late break-
fast Mr. Charlie Slade, the well
known engineer on the main line,
running from here to Louisville
leaving leisurely out into the lobby
at the Webb Hotel and took a seat
in one of the large hotel chairs, and
while picking his teeth was looking
casually over the Louisville Herald,
when to his utter surprise he saw
where he was booked for \$1,800 in
the Chicago Derby.

Well, gentlemen, you could have
knocked him down with a feather,
so great was his surprise. He had
not put up on any horse, and how
in the d--l could he win anything?
But further down the column he saw
where "Plunger Bill" Bollinger,
the well known sporting man, who
is a personal friend of Mr. Slade's,
had put up \$300 for him by way
of a surprise on Picket in the win-
ter books. The neat little jacket
almost knocked him silly, but the
man of the iron horse finally did
gather up his wits enough to wire
his thanks to his benevolent friend
for the pleasant surprise. Mr.
Slade has been receiving congratula-
tions all of yesterday and to-day
from friends.—Bowling Green

PEOPLE WE KNOW.

They Are Hopkinsville People, and
What They Say Is of Local
Interest.

When an incident like the follow-
ing occurs right here at home, it is
bound to carry a great deal of in-
terest. So many strange occur-
rences go the rounds of the press,
are published as facts, people be-
come skeptical. On one subject
skepticism is rapidly disappearing.
This is due to the actual experi-
ence of our citizens, and their pub-
lic utterances regarding them. The
doubter must doubt no more in the
face of such evidence as this. The
public statement of a reputable
citizen living right here at home,
one whom you can see every day,
leaves no ground for the skeptic to
stand on.

John J. Basford, cooper, of 766
East Ninth street, says: "My back
used to be so lame and sore at times
that when I bent it was all I could
do to straighten up again. The
pains were always with me and I
could not stand for any length of
time without feeling them. I doc-
ored at one time but did not obtain
the slightest benefit. My attention
was called to an advertisement of
Doan's Kidney Pills, and I deter-
mined to try them. I got a box of
Thomas & Trabert's drug store
and after using them a few days
could not help but notice a marked
improvement in my condition. My
health is better now than it has
been for years. I give all the credit
to Doan's Kidney Pills, and strong-
ly recommend them to others."

Old Point Comfort.

There was much apprehension
upon the part of those who love Old
Point Comfort, as to the future of
the place when it was announced
that the popular and famous Hygeia
Hotel was to be torn down. But
late advices from Mr. Geo. F.
Adams, manager of the new and ele-
gant Hotel Chamberlain, was that he
intends to put on very low summer
rates, and make this elegant and
imposing hotel even more popular
than old Hygeia. Mr. Adams has
been eminently successful as man-
ager, and his social, genial manner
and executive ability render him
especially fitted for the place. This
hotel is the finest on the Atlantic
coast, and all who visit Old Point
this season can rest assured of a
warm welcome and every attention.
Where the old Hygeia stood a beau-
tiful park has been made by the
government, which adds much to
the beauty of the place. The same
beach will be used for bathing, and
with all the varied and entertain-
ing features surrounding this popu-
lar place, it is destined to become
more popular than ever.

The Hygiene of Old Age.

We look upon the aged with good
reason as having a slender hold
upon life, one that may be loosened
by a slight shock of injury or dis-
ease which in the young or middle-
aged, would serve only as a stimu-
lus to the reparative vital powers.
This is a conservative belief, but
it warns us to shield our loved ones
who have fought the fight, from all
influences which might shorten their
stay with us. But we must not go
too far in our solicitude, for injury
may be inflicted and life shortened
by coddling the old, almost as sure-
ly as by coddling the young. The
vital powers of the aged are slow,
but they are still existent, and they
may be kept active by gentle oppo-
sition and stimulation, just as they
may be increased in children and
youth by rough methods. Dr. Cald-
well's Syrup Pepsin and Herb Lux-
ative Compound is a boon to the
aged and infirm and probably no
medicine has accomplished so much,
or received as high or as many in-
dorsements from men and women
whose extreme age gives them a
seemingly slender hold upon life.
Dr. Caldwell's Syrup Pepsin makes
perfect digestion and acts gently
upon the bowels in an easy and
pleasant manner. Tones up the
entire system and prolongs life.
Six and \$1 bottles at all druggists.

Dynamite Exploded.

As the result of an explosion in a
mine at Tanaqua, Pa., one man is
dead and several others are ex-
pected to succumb to injuries.

Tax on Babies.

Extreme hot weather is a great
tax upon the digestive power of
babies; when puny and feeble they
should be given a few doses of
White's Cream Vermifuge, the
children's tonic. It will stimulate
and facilitate the digestion of their
food, so that they become strong,
healthy and active. 25c at R. C.

VALUABLE WASTE.

A Curious Experience of the Govern-
ment Bureau of Engraving.

"It's an ill wind that blows nobody
good," remarked one of the best
knowing men in the city to a Wash-
ington Star reporter one day this
week after the result of the investi-
gation concerning the disposition of
the refuse from the bureau of engrav-
ing and printing had been made
known. "You must have seen," he
added, "complaint was made that the
ink and other waste from Uncle
Sam's money shop had killed hun-
dreds of fish in the basin. What to
do with the waste was a puzzling mat-
ter to Capt. Meredith. The captain
is something of an angler himself,
and he was naturally more interested
than he would have been had he not
been fond of the sport."

"After making several experi-
ments," the reporter added, "he
found that the waste was a valuable
thing, and he experienced no trouble in con-
verting the water into steam. There
was naturally a thick sediment left,
and this, of course, had to be dis-
posed of in some manner. The
thought struck him that if color in-
dicated it might be used for blacking
shoes, and some of it applied to his
own proved it to be an excellent black-
ing, and Capt. Meredith's friends are
inquiring why he does not form a
stock company and float bonds."
"A get-rich-quick scheme," con-
cluded the angler, "could be worked
successfully in the shoe polish line,
but unfortunately the chief of the
bureau is not in a position to turn
over the waste from Uncle Sam's es-
tablishment for private purposes."

A BIT OF WASTED COURTESY.

The Polite Man's Intentions Were
Good Though of No Service.

The man and woman were young,
good looking and well groomed.
There were only two vacant seats, and
they were on opposite sides of the
cars, so, instead of sitting side by
side, as was natural and proper for
such a well matched pair, they were
divided by half the length of the car.
The man against whom the girl
was seated, looking kindly, says the
New York Express, was getting along
in years, but his soul thrilled with
the sentiments of youth, and he re-
solved to clear the situation for the
sweet young thing. Gallantly he
arose and stumbled over to the un-
fortunate young man.
"I will exchange seats with you,
sir," he said.

The young man hesitated, but he
accepted the offer. Everybody was in-
terested, and looked on the scene
with some amusement. The man
made an uninvited conversation
without delay. But they did not
talk. This did not even speak, and
presently, when the conductor came
around, the man eyed down into his
pocket and brought up a nickel and
the woman eyed around in her purse
and brought up another, and they
paid their fares independently. An
audible sigh went up from the rest
of the passengers. The man with the
charitable spirit felt worse than any-
body else, unless it was the young
folk themselves, both of whom un-
derstood the situation and blushed
furiously.

"Well, I don't care," said the gal-
lant man finally, to one who dared to
listen. "I did my duty, anyhow, and
he has had the pleasure of sitting be-
side her, even if he doesn't know her."

FACTS ABOUT COAL.

Was Once a Crime to Burn It in the
City of London.

"Coal," said the antiquary, according
to the Philadelphia Record, "be-
gan to be used in England in the
year 1300. It was discovered then on
the banks of the Tyne, but they did
not know how to burn it, and hence
it emitted a good deal of gas. In
1350 the use of coal was forbidden in
London. The law said that the coal
gas made it a fuel too dangerous for
public use. To burn coal was a crime
like theft, punishable with a long
term in jail, and to have cooked a
steak upon a coal fire would have
drawn the threat of a good man of the
days, with self-honor and self-re-
proach, the same as you would feel if
you should commit a robbery. It was
in 1400 the law against coal was re-
pealed, and in a little while it was
general. The word coal comes from
the Teutonic root 'kohl.' We in
America use the same word for the
singular and the plural, but the En-
glish speak of coal—'Put,' they say,
'more coals upon the fire.'"

BENNETTSTOWN NOTES.

Bennettstown, Ky., June 23.—The farmers of this section are busy threshing wheat and find the grain to be very inferior.

Mr. Pete Stevenson, of this place, and Mr. Adlai Stevenson, of Gracely, visited the family of their brother, at Sturgis, Sunday.

Misses Della Adcock, of Church Hill, and Susie Calhoun, of Hopkinsville, are visiting Mrs. Clifton Calhoun.

Miss Lou Sherrill, who has been quite ill, is greatly improved, much to the delight of her many friends.

Miss Mollie Brown Stevenson is spending some time visiting the family of her brother, in Sturgis.

Miss Queenie Moss, of Illinois, will arrive here next week to visit her parents.

Mrs. Mary P. Collins is visiting her parents near here this week.

Mr. "Wrig" Moss, of Nashville, spent several days last week visiting his parents at this place.

Miss Zedie Hester, of Frankfort, visited friends and relatives here last week.

Rev. E. C. Leeper filled the pulpit of Rev. J. C. Tate Sunday, who was called to the bedside of his sister.

Miss Mary Lee Pattillo, of your city, visited her parents here last Saturday and Sunday.

Miss Florence Pattillo was visiting her sister, Mrs. Duck Wooten, near Roaring Spring, last week.

Mr. Wallace Farnsworth, of Clarksville, is visiting at his home here.

Little Miss Emma Lee Coward, of Gracely, spent several days here last week.

Mr. R. L. Stevenson, of Clarksville, visited his family at this place last week.

Flinch is yet being played by some of this neighborhood, and is greatly enjoyed by those who win.

Professor Al smiles, for he is expecting a certain Miss to visit her "Old Kentucky Home" this summer.

Children's day at this place was largely attended and much credit is due the little folks who acted their part well.

SOMEbody's DARLING.

Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the Kidneys and Bowels, stimulate the Liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c, and that is returned if it does not give perfect satisfaction. Guaranteed by R. C. Hardwick, druggist.

Mrs. Charles Levine, a vaudeville actress of Nashville, says she is John Wilkes Booth's daughter, born in 1872, and will claim the estate of D. E. George, who died in Oklahoma in January leaving a written confession that he was Booth in disguise.

If warm weather makes you feel weary you may secure your system needs cleaning. Use Prickly Ash Bitters before the hot weather arrives; it will put the stomach, liver and bowels in order and help you through the heated term. R. C. Hardwick, special agent.

UNUSUAL CONCESSIONS.

World's Fair Officials Will Allow Ky. Coal and Coke Exhibit.

Wonderful progress is being made by the mineral exhibit committee of the Kentucky exhibit association in procuring specimens for the display in the mines and metallurgy building at the World's Fair in St. Louis next year. At the meeting of this committee, held in Louisville a few days ago, reports were made by the different members representing the different classifications in this department, which showed conclusively that the mineral exhibit from Kentucky at the exposition will equal, if indeed it does not surpass, that of any other state in the Union.

The meeting was attended by the Hon. Chas. P. Weaver, chairman, of Louisville; Prof. C. J. Norwood, of Lexington; the committee's chief counsel; W. U. Grider, of Bowling Green; the committee's field representative; P. W. Grinstead, of Lexington; C. L. Searcy, of Waco; Hywell Davis, of Kenner; J. W. Cammack, of Owsen; W. E. Burk and J. W. Wright, Louisville. President A. V. Ford, of the exhibit association, as ex-officio member, was also in attendance.

Mr. Grider had just returned from a preliminary trip through Eastern, Southern and Western Kentucky and made a very interesting report on the result of his tour. Mr. Grider's report was embraced in one made by Prof. Norwood and showed that the following exhibits had already been arranged for:

Coal from Carter, Boyd, Lawrence, Bell, Laurel, Knox, Clay, Daviess, Henderson, Ohio, Union, Hopkins, Christian, Webster and Whitley counties.

Coke from all the coking establishments in the state.

Stone from Meade, Breckinridge, Hancock, Christian, Livingston, Hart, Rowan, Rockcastle and Carter counties and the Big Sandy section.

Commercial onyx from Hart county.

Lithographic stone from Meade and Rowan counties.

Clays and their products from Carter, Greenup, Madison, Breckinridge, Daviess, Union, Livingston, Hardin and Rockcastle counties.

Portland cement material from Meade and Rockcastle.

Salt from Clay and Meade.

Earthy minerals for paints from Breckinridge and Livingston.

Gems from Elliot county.

Iron from Lawrence, Bath, Trigg, Lyon and Livingston.

Lead, zinc and the spars from Franklin, Owen, Henry, Crittenden, Livingston and Caldwell counties.

Petroleum from Bath and Knox counties, with others to be secured.

Several members of the Mineral Committee remained in Louisville for two days and on the second day had a long conference with Mr. E. W. Parker, Statistician of the United States Geological Survey, relative to Kentucky's part in the collective exhibit of coal and coke at the Exposition. Mr. Parker was designated by Mr. J. A. Holmes, Chief of the Department of Mines and Metallurgy, to install the coal feature from throughout the United States in this department. He has already paid visits to the coal producing states and arranged for displays from all of them.

The Kentucky Exhibit Association having begun its work early, secured from Prof. Holmes several months ago, through Messrs. Weaver and Norwood, a promise to be allowed to show the state's coal and coke in the regular mineral exhibit of Kentucky, as well as in the United States Geological Section. This was a privilege denied other coal producing states, so Kentucky will be the only state in the union with a coal and coke display in two different parts of the Mines and Metallurgy Building at the St. Louis World's Fair.

TIMBER LAND

In Christian Sold to Hopkins County Plan.

L. E. Littlepage has bought 476 acres of fine timber land in Christian county from Luther Hord, of Muhlenberg county. It is estimated that there are 2,000,000 feet of fine poplar and oak timber on this land. Mr. Littlepage is operating a big saw mill six miles from the city and will buy a new mill to send to Christian county to saw up the timber there. Hustler.

PURIFY THE BLOOD

If you would have health and energy in hot weather you should see to it in the early spring that your blood is pure and vital organs strong and active.

PRICKLY ASH BITTERS

IS THE GREATEST BLOOD PURIFIER ON EARTH.

The efficacy of this remedy in purifying the blood and putting the system in order is without a parallel in the medical world. So thorough and far-reaching is it that it carries its great cleansing and regulating influence to every part of the body, casting out impurities that have resulted from winter diet, purifying the bowels, strengthening the kidneys, liver and stomach, and preparing the entire body to resist the disease germs which come with warm weather. Those who use this great purifier during the spring months will stand the heat better and be free from the debilitating attacks which invariably attack the body that is clogged up with impurities.

FOR FREE ADVICE

Every Woman Should Write Dr. S. B. Hartman, President of The Hartman Sanitarium.

Mrs. Joseph Lacelle, Ottawa, East, Ont., Canada, writes: "Peruna is better by far than any other medicine sold in the Dominion for the troubles peculiar to the sex. I suffered with backache, headache and dragging down pains for over nine months and nothing relieved me a particle until I took Peruna. A few bottles relieved me of my miserable half-dead, half-alive condition. I am now in good health and have neither ache or pain, nor have I had any for the past year. If any suffering woman would take Peruna they would soon know its value and never be without it."—Mrs. Joseph Lacelle.

Free Home Advice.

In view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned specialist on female catarrhal diseases, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge.

Those wishing to become patients should address The Peruna Medicine Co., Columbus, Ohio.

COLD JUNES.

Heavy Snow Once Fell in Month of Roses.

In 1910 to the present time the month of June has been an unusually cool one, but "There are Others." In 1816 it was so cold in June that the year was known as a year without a summer. June of that year was as cold as February. Frost was common throughout all the Northern States. Ten inches of snow fell in Vermont, seven inches in Maine and three inches in central New York. Even as late as July 5 freezing weather prevailed in New England. Ice was common enough in New York and in parts of Pennsylvania. But that was away back yonder and there are only a few of us that have the privilege of remembering what happened in 1816.

We had a pretty cold June two years ago, and it was cold in the coast region as the result of a heavy snowstorm in North Dakota. On the 6th of June the temperature was down to 25 degrees at Boise, Idaho, and down to 20 degrees at Baker City, Oregon. On June 5 there was a heavy snowstorm in Lake Michigan.

This year harvesters wore their coats, many of them buttoned up, nearly every day of the wheat-cutting season. Last Tuesday snow fell sharply for a few minutes in south Boston, Mass.

STRENGTH! DEVELOPMENT! HEALTH!

PROF. C. RUCKER ADAMS, OF CHICAGO,

who has been conducting many large and enthusiastic classes throughout the country in Physical Education, and whose new system is creating wide popularity wherever taught, is in our city organizing classes for both ladies and gentlemen. PRINCE AS STABLE ORDERLY.

Cavalry Horses Carefully Groomed by Sides of Royal House.

For several days a prince of the royal blood, who is a captain of the Seventh Hussars, has been working cheerfully in his shirt-sleeves side by side with servants and troopers in the stables at Hampton Court, grappling with the difficulty of keeping 84 troop horses fed, watered, groomed and exercised in only seven men.

The royal officer, says the London Mail, who has thus proved himself as a true soldier is Prince Alexander of Teck, the third son of the late duke of Teck, who, although only 29 years old, is a D. S. O., and was mentioned in dispatches during the Malakka campaign and the late South African war. The circumstances under which he has turned to stable work are extraordinary. The normal strength of the cavalry stationed at Hampton Court is 116 non-commissioned officers and men, forming part of the provisional regiment made up of the Seventh and Tenth Hussars.

But owing to continuous drafts to South Africa, where the regiment is stationed, the detachment at Hampton Court was reduced to 20 men, including officers. But as the drafts do not take horses with them to South Africa there are in the stables no fewer than 84 animals, mostly of the small mounted infantry type, and not thoroughly broken in.

It being obviously impossible for seven troopers to look after so many horses adequately, and an help being obtained from Hounslow or civil assistance granted, the sergeant-major and his sergeants and corporals have lent a hand in the stables. The captain prince also, seeing how hard pushed his men were, has day by day taken off his coat and worked handily as a whistler like any trooper.

"I think we've worked twice as hard and twice as willingly," said a sergeant on Saturday, "because the young prince did his bit with the rest. And he seemed to like it, too; said it was better than drill. But it has been 'hard graft' and I don't know when it is going to end, because they are as hard up at Hounslow for men as we are."

There has, of course, been no drill for days, and it has not been possible to place a sentry at the gate for the first time since Hampton Court became a royal palace. As recruiting for the Seventh Hussars was stopped some time ago, the position may not be mended as easily as may be desirable.

A Big Heart.

At Davenham, Northwich, a singular case was investigated by Mr. Corner Yates. Harry Eaton, 35, chemist laborer, was found dead in bed. The case being inexplicable, Dr. Hayward made a post-mortem examination. He said the deceased's heart was the most extraordinary he had ever seen. It weighed 354 ounces instead of ten ounces. The walls were two inches thick.

READY FOR "BEGINNMENT"

Which Takes Place To-Night at Opera House.

The two full stage rehearsals of the "Singin Skule Regiment" which takes place at the opera house to-night under the auspices of the young ladies of the Christian Church for the benefit of their organ fund, has touched the "skollars" all up, and put them in most excellent trim for the laughing purposes of the "skule." It is hoped that the public understand that this entertainment is one of unusual excellence, one that has received the highest praise from the leading papers of the principal large cities of the South, and should be pleased to know that the performance here is predicted by the directors to be one of the very best that has ever been given, as the talent is unusually good, and then they have been so constant and regular in their attendance at the rehearsals perfect themselves in their several parts. The "Singin Skule Regiment" is not all singing, but it is a clean conglomeration of a little of everything calculated to make a refined audience laugh. The music is bright, pretty and catchy, new and original. Messrs. Bertram and Willard, the authors, are very funny comedians and while they have leading parts and keep the play together, they do not subordinate the local participants, on the contrary, it is their aim to make all of the parts as prominent as possible so that the entertainment may be not only a mirth provoker, but a circumstance of pride to the members, and all of their friends, and an educator as well. These gentlemen have been in the South presenting their different entertainments for more than six years, and in the state of Mississippi alone, more than sixteen solid months, this should be a guarantee of the excellence of their work. It is safe to say that those who attend the "Singin Skule Regiment" will be highly entertained, and it is hoped that the opera house will be crowded, as it should be to-night.

BAD START

For The New Six Team Baseball League.

A new schedule for the K. I. T. League has been completed. Vincennes has been dropped and the six remaining towns will finish the season out.

This was the announcement made Monday, but Henderson failed to show up here on the schedule Tuesday and according to the rules three games were forfeited by Henderson to Hopkinsville, 9 to 0, as well as a money forfeit of \$90. Henderson, it transpired, went to Vincennes, no longer in the League, and played the three dates there. This is hard to understand, since one of the officers of the League is at Henderson and undoubtedly had official knowledge that Vincennes was dropped. There is a rumor that Vincennes is trying to break up the K. I. T. League and get up a new four team league of Henderson, Paducah, Cairo and Vincennes. The next games here will be Monday, Tuesday and Wednesday, with Clarksville.

The confusion growing out of recent changes has left the percentage table mixed up that it cannot be correctly given. No two papers are publishing the same figures.

Hot Weather Weakness.

If you feel fagged out, listless and lacking energy, you are perhaps suffering from the debilitating effects of summer weather. The symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels, and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freeland, Propr. Grand View Hotel, Agency, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at R. C. Hardwick's.
